# Songs in the Key of Life

Singing is so utterly life enhancing and innately therapeutic. Just think how the famous Desert Island Discs programme testifies to the way special songs are inextricably linked with our life stories.

Songs bring us closer to others. They soothe, comfort and hold us. They allow us to relive the past and give voice to our dreams. And they weave together the tales of our joys and sorrows.

Songs allow us to express feelings that we would not so easily say using the spoken word and give voice to parts of ourselves we often deny or censor.

Songs also encourage a sense of spiritual presence and transcendence. They express our yearning for hope and help us transition into new life.

*'SONGS IN THE KEY OF LIFE' will take you on an inspiring journey using special songs from 'This Little Light of Mine' to 'I live my life in rings ever growing' that give voice to all the following life themes:*

- Build your confidence, create trust and let your light shine
- Bring forth within you the 4 elements of earth, water, air and fire
- Centre: integrate your inner and outer life and marry heaven to earth
- Sing petitioning songs to help you get through difficult times
- Ask for forgiveness
- Letting go and moving on
- Change and transformation - Give voice to freedom and new life.
